

Time Guardian® Fingerprint

Complete Biometric Time Clock System

Time Guardian® FPT-40 is an employee time tracking system designed to eliminate “buddy punching” through fingerprint recognition. This economical biometric time clock system minimizes payroll management, while saving you money on your bottom line. It also eliminates the cost of issuing and reissuing cards and badges and reduces manual calculation errors. The Time Guardian® FPT-40 interfaces with most common payroll applications, thereby providing a complete turn-key solution to accurately and efficiently manage your payroll.
